

Accessories for high pressure cleaner (HPC)

Electrically operated

Hose reel	Length	Part.-No.
Hose reel with hand wheel	20 m	2004140
Automatic hose reel	20 m	2000882
Hose reel (pos. 1) mounted on HPC	20 m	2004558

High pressure hose	Application	Part.-No.
High pressure hose \varnothing 8 mm, L= 20m	400 bar	2003834
High pressure hose, \varnothing 8 mm, L= 30m	400 bar	2003835

Lance	Length	Part.-No.
Double spray lance	380 mm	2004144
Double spray lance	490 mm	2004145
Double spray lance	660 mm	2003827

Turbo injector	Material	Part.-No.
Turbo injector, 1/4" IG065, 200bar	brass	2004141
Extension pipe 1/4", 300mm lg.	steel galvanized	2004142
Extension pipe 1/4", 300mm lg.	steel galvanized	2004142

The turbo mill cutter is a kind of special injector with a rotating jet stream to get very high pressure impact with excellent attack- and watering effect. The aerosol formation will be avoided with high pressure cleaning.

Floor cleaning device	Width	Part.-No.
Floor cleaning device	470 mm	2004090

VA-heavy duty floor cleaning device, INOX, for slip-free floors and other traffic areas, removal of oil from floors, 250 bar, hot water max. 90°, working width 470 mm, rotary nozzle elements for high surface cleaning capacity (400 sqm/h), easy coupling to hp cleaner

Internal tank cleaner	Litre	Part.-No.
Internal tank cleaner up to 1m ³ , air driven, L= 1000mm	20 - 60 l/min	2003837
Internal tank cleaner more than 1m ³ , electro, L. variabel	15 - 60 l/min	2004148

Multi purpose applicable cleaning equipment for internals of tanks, barrels and other container.

Pipe cleaning injector	Jet direction	Part.-No.
Injector \varnothing 1/8" IG	1front 3backw.	2003821
Injector \varnothing 1/4" IG	1front 3backw.	2003822
Injector \varnothing 3/8" IG, rotating	1front 3backw.	2003820
Injector \varnothing 1/2" IG	1front 3backw.	2004216

Pipe cleaning injectors against blockage and cleaning of pipes up to a diameter of 350mm. Exchangeable missile- and missile bore injectors.

Pipe cleaning hose	Diameter	Part.-No.
\varnothing 1/8" inner, \varnothing 6 outer, L= 10m	1/8"	2003817
\varnothing 1/8" inner, \varnothing 6 outer, L= 20m	1/8"	2003818
\varnothing 1/8" inner, \varnothing 6 outer, L= 30m	1/8"	2004215
\varnothing 1/8" inner, \varnothing 6 outer, L= 40m	1/8"	auf Anfr.

Pipe cleaning hose (600bar) to release blockages in waste water pipes and production lines as well as in all other sort of pipes.

Injector for chemicals	Material	Part.-No.
Injector for chemicals 3/8" x M22	Messing	2004176
Hand fitting M22 IG x 3/8" IG	Messing	2004214

Exhaust of chemicals for the continuous dosing of cleaning solvent during the application. Due to low pressure injectors the cleaning solvent will be dosed behind the high pressure pump to treat the pump carefully.
